## Experience

December 2023- Present

### **Garrett Brown Designs, Denver CO** - *Designer*

- As a Furniture Designer at Garrett Brown Designs, I specialize in creating innovative and unique furniture pieces that focus on user experience. My role entails developing original designs, collaborating with engineers and craftsmen to determine efficient manufacturing methods, resolve design and production issues, produce detailed SolidWorks drawings, and ensure seamless transitions from concept to final product. I stay up to date on industry trends, select materials and finishes, and engage with clients to tailor designs to their preferences, presenting concepts and incorporating feedback to ensure satisfaction.

September 2019 - September 2023

### **Perspective Design Fabrication, Denver CO** - *Designer, Fabricator*

- As a Fabricator and Designer at Perspective Design, I played a pivotal role in transforming conceptual designs into tangible, high-quality products. My responsibilities included hands-on fabrication using diverse techniques as well as extensive Solidworks modeling, ensuring the seamless assembly of components while maintaining high-quality standards. I collaborated closely with the design team, providing valuable insights to refine designs for efficient production. I also played a key role in material research, feasibility studies, and prototype development.

June 2019 - September 2019

### **Katy Skelton Home, Savannah GA** - *Intern*

- As an intern at Katy Skelton Home, I played a vital role in crafting high-end furniture pieces. I worked closely with experienced craftsmen, assisting in the assembly of intricate components and ensuring precision at every stage of the process. I actively worked to uphold the company's commitment to quality craftsmanship, making valuable contributions to the production of unique and exquisite pieces for clients.

October 2018 - September 2019

### **24e, Savannah GA** - *Freelance Designer*

- As a Furniture Designer at 24e, I collaborated closely with clients and worked on understanding their unique requirements. I then conceptualized and designed elegant, functional, and aesthetically pleasing furniture solutions.

## **Education**
